Celebrating Success in Regenerative Agriculture: SRT Farmers and Agri Officer Honored with Awards

We are proud to announce that five dedicated SRT farmers from diverse regions, along with an agricultural officer from the Maharashtra Agriculture Department, have been recognized for their outstanding contributions to agriculture. These individuals have been honored with prestigious awards at both the taluka and state levels, showcasing the impact and effectiveness of the SRT method.

Spotlight on Success:

- 1. Mr Sudhir Kavilkar, Raigad: Awarded for exceptional yield and soil health improvement, this farmer has become a role model in the Konkan region, demonstrating the economic and environmental benefits of SRT.
- 2. Mr. Atul Mohite, Ch Sambhaji Nagar: Recognized for water conservation and resilience in drought-prone areas, this farmer's work in Marathwada stands as a testament to the adaptability of SRT in challenging climates.
- 3. Mr. Meghanath Mashakhetri, Chandrapur: This farmer from the Vidarbha region has been awarded for the outstanding implementation of SRT technology in rice and vegetable cultivation. Their success story is a shining example of how SRT can enhance yield and sustainability in diverse crop systems.
- 4. Mr Kiran Yadav, Pune: Honored for innovation in integrated farming systems, this individual's application of SRT in Western Maharashtra showcases the technique's compatibility with diverse agricultural practices.
- 5. Mr Suresh Bedwal, Ch Sambhaji Nagar: This officer has been instrumental in facilitating the adoption of SRT in Ch Sambhaji Nagar, Maharashtra, providing invaluable support and guidance to farmers transitioning to this sustainable method.
- 6. Mr. Avinash Patil, Raigad: Awarded for the outstanding implementation of SRT technology in rice.
